To CFOSF,

What can I say, this was the best party I have ever had. My guests are still talking about the fountain, the chocolate, and yes you were right when you said, "All chocolate fountains are not created equal!" My friends have been to so many parties with chocolate fountain's and can't get over the chocolate and the presentation at my party. I will certainly use you for my next event and will recommend you to all of my friends. Thank you so much for a great party!
